Review-required compromise: 3 + 3 teams. 6 teams in the effective seed order · 1 held for placement review.

Read from seed 1 down. Tier lines suggest strength divisions; a division can contain several pools. Natural separation marks a strength gap; practical splits also consider usable division sizes. Review warnings and unplaced teams before making final placements. PitchRank score already adjusts for age, so a younger team playing up can be compared here. State rank is that team's rank within its own PitchRank age and gender group. Limited history: Fewer ranked games support this score. Keep it as a starting point for placement.
